AS POWERFUL AS THUNDER
AS LIGHT AS A CLOUD

TUONO
660

DRESS LIKE A NAKED

Naked as only it knows how to be. Tuono 660 is faithful to the inimitable DNA of the name it bears. A perfect balance, achieved through the blend of a sport-derived technical base and uncompromising aesthetics, dominated by the generous top fairing, which has always distinguished sport naked bikes according to Aprilia.

THE SPORT NAKED
THAT WAS MISSING

BEST IN CLASS BEST ON THE ROAD

The Tuono 660's parallel-twin raises the bar in the category: compact and modern. 95 HP (also available in reduced-power version for A2 driver's license holders) and full torque available from low rpm, thanks to the 270° crankpins. All this translates into a responsiveness that is just as significant in the city as it is on a demanding ride through the twisties.

660

The riding experience is easy and versatile in the city, thanks in part to the assisted anti-juddering clutch, always light to operate. Agile, lightweight and sporty, Tuono 660 offers balanced ergonomics, comfortable in the city and satisfying when diving through corners.

TUONO LEGACY

Faithful to the family tenet, Tuono 660 is born on the base of its sporty sibling, the RS. Thanks to the aluminium frame and the bearing engine, the structure of the Tuono 660 is lightweight and compact to provide a ride that is always thrilling and dynamic. Just 183 kg with a full tank of petrol make it the lightest in the segment, the most fun on turns and the most agile in the city.

DEFINITELY TUONO

Fixed top fairing, sleek tail and high handlebars are the ingredients that blend perfectly to breathe life into the Tuono 660 design. An equipment package that is further enhanced and refined with the triple LED headlight with DRL that outline the distinctive trait of Aprilia street bikes, as well as the built-in turn indicators that make the entire ensemble compact and aggressive. A design that becomes function thanks to the double-layer side panels which not only express a dynamic shape, but also deflect the airflow from the rider to improve comfort and aerodynamic protection.

DOMINATE THE ROAD

Tuono 660 is synonymous with sportiness and fun. The tapered handlebar ensures a raised and more comfortable riding position, plus the wide steering angle lets you manoeuvre even in the tightest of spots. The erect position provides better control of the vehicle, all to the advantage of fun in sport riding, thanks to the dominating sensation that the Tuono 660 gives you.

PREMIUM PACK

01

Full LED, light DRL, built-in turn indicators and automatic headlight.

02

5 riding modes [3 fixed and 2 fully customizable] for on road and on track use.

03

APRC suite with ATC, AWC, ACC, AEB, AEM, ABS.

Tuono offers the best features in its category. Full LED light cluster, dominated by the unmistakable DRL, with the headlights switching on automatically and built-in turn indicators. The APRC electronic controls suite, a safety feature for novice riders and a tool that lets more expert riders tailor the Tuono 660 to their style. 5 riding modes to adapt the vehicle's behaviour to any situation, from the road to the circuit, from the daily commute to a track day, all controlled immediately and easily thanks to the convenient electric blocks and the 4.3" TFT screen.

TOTAL LOOK

Now those riders who use their Aprilia bikes as daily riders can benefit from top quality and safety standards, comfort and stylistic attention to detail, as well as enjoying total riding pleasure on every outing. The helmet and gloves Aprilia proposes are in line with every one of the Tuono 660's moods: sporty, comfortable and high tech, without sacrificing the design and protection that only certified technical apparel can provide.

TUONO 660

Omologazione	Euro 5

* In compliance with the VO (EU) 168/2013 standards, with all operating fluids, with standard equipment and fuel tank filled to 90% capacity.

**Also available as a 35 kW version, which can be driven with an A2 driver's licence.

X-CARE + EXTENDED WARRANTY

Travel with peace of mind with a two-year warranty that includes Roadside Assistance: coverage across Europe, towing to the closest Authorised Service Centre, original spare parts, additional services (e.g. passenger transportation, taxi, hotel, vehicle return).

Find out how to extend this benefit with X-Care+ Extended Warranty, the unlimited warranty extension plan that offers you the same coverage as the original warranty:

- Coverage of repair costs for faults due to manufacturing or assembly defects on parts
- Replacement of damaged components with original spare parts, processing included
- Roadside assistance that, in addition to towing and problem solving, also ensures non-stop mobility
- Specialised, certified Piaggio Group Service assistance
- Retention of the retail value of the used vehicle in case of sale
- Coverage across Europe

For full details and to find out about coverage in your country, refer to your Dealer or Authorised Service Centre.

X-CARE + MAINTENANCE

With the dedicated X-Care+ services, you can choose from among different standard maintenance packages depending on your needs. By purchasing one of the X-Care+ Maintenance plans, you have the right to periodic scheduled maintenance in accordance with the specifications outlined in the use and maintenance manual.

- 2 years / 20,000km 2 services
- 3 years / 30,000km 3 services
- 4 years / 40,000km 4 services

For full details, refer to your Dealer or Authorised Service Centre.

The dream of riding an Aprilia is now even easier to achieve thanks to Piaggio Financial Services, the new Piaggio Group platform dedicated to the most innovative financial solutions.
